A NATURE CALENDAR

A RECORD OF THE APPEARANCE OF THE FLOWERS AND BIRDS

ARRANGED BY
THOMAS E. THOMPSON
SUPERINTENDENT OF SCHOOLS, LEOMINSTER, MASS.

"Ah! well I mind the calendar,
Faithful through a thousand years,
Of the painted race of flowers."

* * * * * * *

"I know the trusty almanac
Of the punctual coming-back,
On their due days, of the birds."

—EMERSON.

INTRODUCTION.

THIS Calendar is offered to students of Botany and Ornithology, as a most convenient means of recording their observations of nature, thereby familiarizing the names, both English and scientific, of Birds, Flowers, Trees and Shrubs; learning their habits, appearance, growth and development.

The following page will show the intention of the Calendar, and if the record is carefully made each year for four years, as the spaces permit, a comparison from year to year must prove both interesting and instructive.

AUTHOR.

This Page shows method of using Calendar.
